Total playback: **12d00h**

Playback inside quiet hours: **3d15h**

---

**Record.** The logger recorded ce2 90d16h, ce3 90d16h of this window's 107d01h: 16 days have no record at all, 1 day is only partly recorded. A gap in the record is not evidence that nothing played.

**Integrity.** Hash chain **intact** over 6572 lines. Each line hashes the literal bytes of the one before it, continuing across day boundaries. Closed days are timestamped by two independent authorities.
